

Airdrop Acres

Automating Airdrop Discovery & Management

Your Gateway to a Simplified Airdrop Experience

Airdrop Challenges

Airdrops in crypto are free distributions of tokens to users, often used by projects to promote awareness, reward early supporters, or decentralize ownership.

- **Complexity and time involved in identifying and participating in airdrops.**
- **Difficulties in tracking and claiming airdrop rewards across multiple projects.**
- **Constant struggle to identify when and which airdrops will perform well.**

Our Solution

Simplistic dashboard that participates automatically in curated airdrops.

AI AGENTS operating on behalf of users to participate in social airdrop tasks.

Central hub for all airdrop opportunities, tasks, and updates.

Manual (Free) Tasks

The screenshot shows a dark-themed dashboard titled "Airdrop Acres". On the left is a sidebar with various icons for navigation. The main area is titled "Manual Tasks" and contains a grid of 15 task cards. Each card includes a project logo, name, difficulty level (Easy, Medium, Hard), cost (\$ or FREE), and frequency (One-off, Recurring). Some cards also mention NFTs or specific requirements.
